

You've Seen the Signs. It's Time to Find Another Route.

REROUTE TODAY!

Extended Support for SharePoint 2013 Ends **APRIL 11, 2023**

**SUPPORT
ENDS!**

**TAKE
ALTERNATE
ROUTE**

**STOP!
SHAREPOINT
2013 ENDS
STOP!**

Do you have important workflows and processes running on the SharePoint 2013 Server? With extended support ending very soon, now is the time to move to modern solutions...

Take an alternate route with **NITRO Studio**. Below are the steps to re-route your workflow – before you hit the end of the road!

**SHAREPOINT 2013
UNSUPPORTED**

1

KNOW what workflows you have

Catalog your SharePoint workflows so you know what you need to migrate.

2

ASK if you need this workflow anymore

Don't migrate workflows that are no longer in use.

3

CONSIDER if you can improve the process

Look for ways to add value with updated technologies.

4

PLAN the workflow migration project

Schedule resources and time to migrate the workflows.

5

BUILD NEW workflows using
